Volume 29, Issue 1 Sept 2011

SEPTEMBER 2011 SHOW

Howdy from the oven of Texas! Temperatures here have been triple digits for quite some time and things are burning up all over the place. That includes the new show for September: it's smokin' hot! You're gonna love it! From great original songs like "C'Mon Let's Go" and "Keep Your Head Up" to Huey Lewis' "Working for a Living", the content is some of the best we've had yet! You and your guests will love it, we're sure!

We've also done some fun things with our intermissions. Monkey Ninjas is back, along with our faithful friends from Veggie Tales. Both are hits with both kids and parents...well, and with our Cast Members! If you have any suggestions on what you'd like to see intermission-wise, please let us know. Also, if you've got song suggestions for Chuck and his pals to perform, please let us know! We love to get input from you.

I've got a question for all of you: How are your live shows going? Are you having a good time making magic for our guests? The key is having a good time. Making our guests happy can be a lot of fun, and it's actually one of the best parts of our job! So, go for it!

Additionally, in the realm of Live Shows, did you know that you can do live show performances in the show room?! Some Cast Members are unaware that we've got shows that are supported by video, lights, and our showroom sound system. If you've got a Studio C stage, just select a live show from the Manager Control panel. These type of shows are great because they change things up. This showroom live show performance is ideally suited for mid-week and during the day when we don't have a packed showroom due to Birthday Parties. We encourage you to shake things up and take some of your live show performances back into the show room. Simply make an announcement to our guests that Chuck E. Cheese will be performing live in the show-room and they'll come running. Don't forget those ticket splashes!

Speaking of live shows, send us video of what you're doing out there! Or even still photos. We'd love to see what you guys are doing...and get in on the fun.

Well, that's about it. Until next time, keep having fun out there and keep on making magic that only Chuck E. Cheese can make!

Stay cool.

-Rob
